THE CHURCH TURNAROUND PROJECT

Time for a New Direction

Is it time to revitalize or transform some part of your ministry? To turn it around so that it might become more sustainable, more attractational, healthy, energetic? The Church Turnaround Project helps congregations look at specific parts of their church system that need attention.

- **Meeting Up With God** helps you make the most of the Sunday morning experience in order to offer people a life-transforming encounter with God. It includes everything from welcome and worship through to inviting guests to make the congregation their spiritual home.
- **Building a Culture of Generosity** develops habits to help people grow in generosity.
- **Reaching Beyond Our Doors** helps you become more externally focused. Get to know your neighbours. Raise the church's profile in the neighbourhood or community. Market your church in ways that connects with the community's spiritual needs.

Other units include: **Leading the Mission Journey** (The governance system); and **Faith Growth for Grown-Ups**.

The excitement you helped generate, for our ministry and future, is palpable.

Thank you once again for the excellent facilitation and leadership. I have learned a great deal, and expanded my horizons.

It was great to bring together a group of people, some of whom I didn't know, to forge a plan together.

It's a lot for people to consider but it is time to know where our hearts really are, and to let everyone in the congregation know their voice in shaping us as a church for the future that really matters and NOW.
