

Eunice

My name is Eunice! I am Admin and Finance intern and Lansing Open Market Committee Co-head at Spaces United. I am currently finishing up my HBA Specialist in Architectural Studies with a minor in anthropology and environmental studies at the University of Toronto. I'm so honoured to be back this summer and learning the ropes to the finance department while continuing to support Spaces United in connecting spaces to the community. I'm most excited about the Lansing Open Market, to bring my interests in arts, crafts and food to the community.

Lansing Open Market – Click the link for more info:
